

Construction earnings are lower among Bronx and Brooklyn residents

2019–2023 ACS five-year estimates; medians and 90% margins of error

Published county estimates for employed residents age 16+ in the construction industry.

Includes all construction-industry occupations and self-employment earnings. Residence is not job-site location.

Annual earnings are not hourly wage rates or prevailing wages. Source: Census ACS B24031 and B24041.
