

Construction earnings across NYC community districts

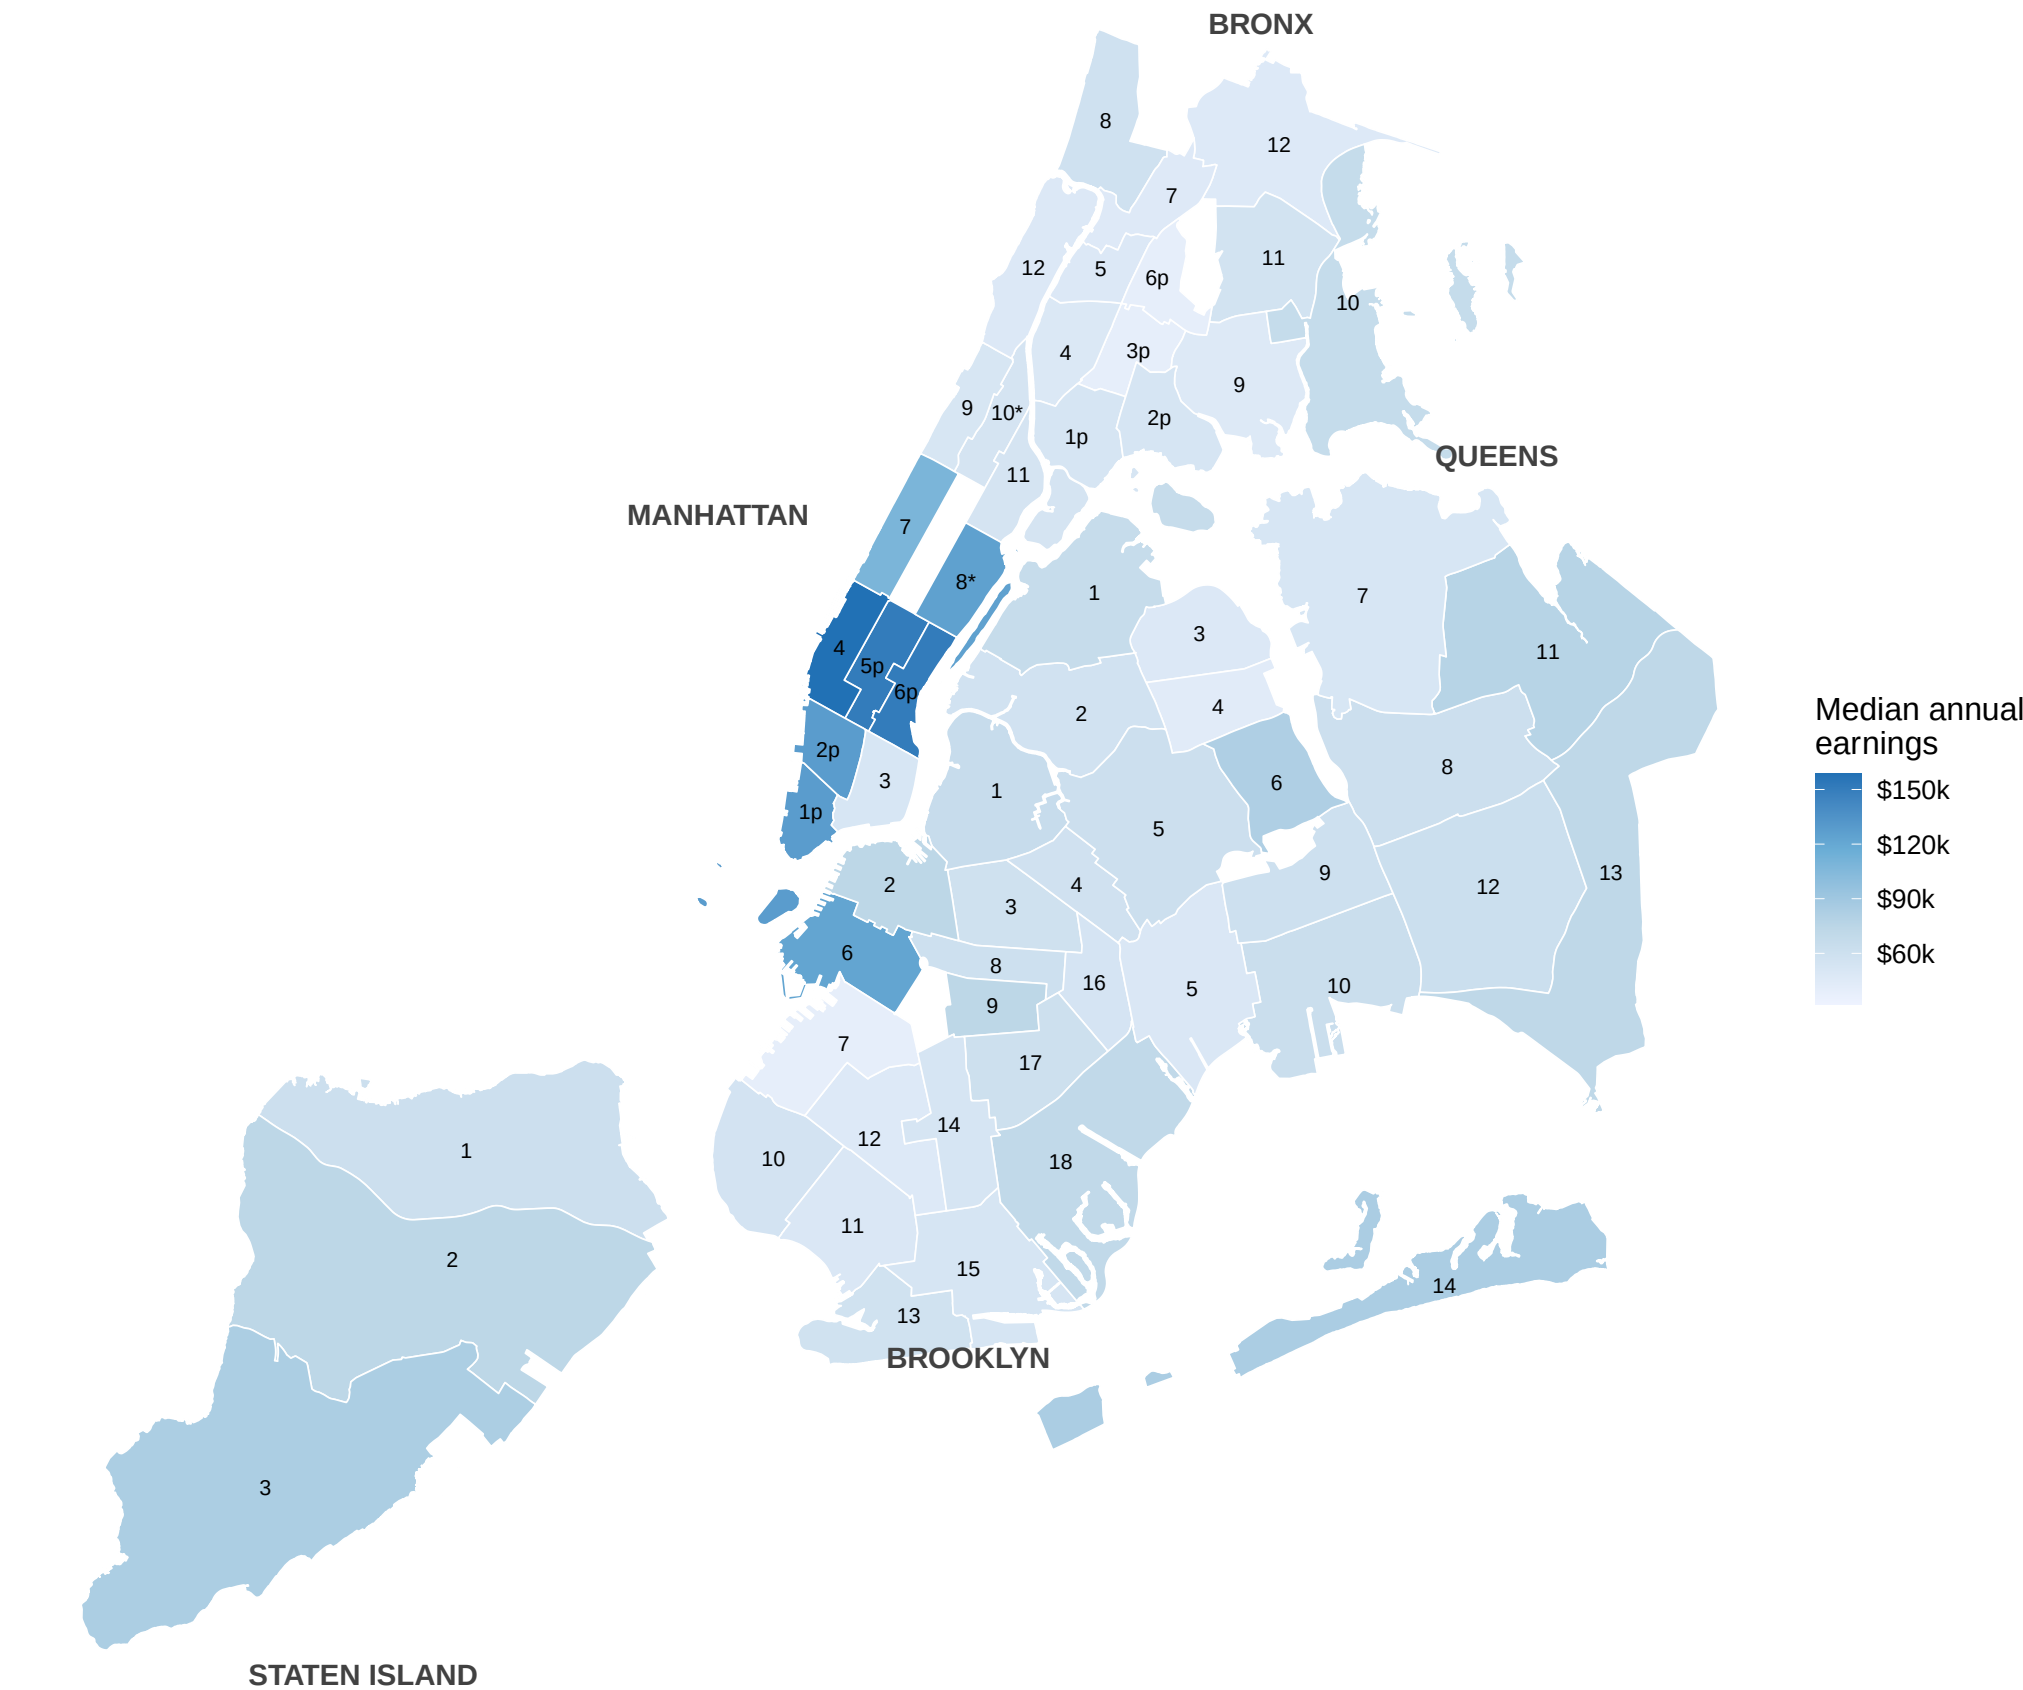

All employed: 2019–2023 ACS, in 2023 dollars

59 district outlines; 55 published Census PUMA estimates. District numbers are within each borough.
p = paired districts share one estimate: Bronx 1+2 and 3+6; Manhattan 1+2 and 5+6. PUMA and district borders approximate each other.
* = 90% margin of error exceeds 50% of the estimate. Both pages use the same color scale.
Earnings describe residents, not wages on local construction sites. Sources: Census B24031/B24041; NYC DCP boundaries.

Construction earnings across NYC community districts
